Please note that the stated technical performance of a fabric may be affected by the post treatment applied. The technical parameters outlined in our internal specifications provide a guide to fabric performance and is tested by Camira without a post treatment.
 We therefore recommend that customers conduct their own testing on the final finished components, including but not limited to flammability performance, in the intended format for end installation.

All treatments - please allow a tolerance of +/-0.5m on <30m and +/-1m on >30m orders.
 A sample of COM fabric is required for approval prior to lamination.
 10 metre minimum order quantity per colourway, unless otherwise stated.
 Please allow 10 working days for all treatments..
 We are unable to accept cancellation for orders where a post treatment has been requested.

Please contact our Customer Services department for further information.
